Subject: N-Forcer RFP 84343-03

USEPA Region V, N-forcer RFP# 84343-03

Item A: \$14.95/ton

Item B: \$250/load

Item C: \$550/spot (Note: This price includes the use of 3 liners since asbestos has to be double bagged and the outside liner typically rips during dumping; \$400/spot if Earthtech provides the appropriate liners.)

Item D: \$18/day

Item E: \$75/hour

Facility information is being faxed.

Note: The spot rate is based on spotting 2 boxes/trip; also, 25 yard rollofs with aluminum locking lids will be used. If a straight truck is needed due to special constraints, it will only be able to haul about 12 tons/load of soil. If the site can accommodate tractor trailers than 20-24 tons/load can be hauled.

Regards,

Mike Schubert
Capitol Environmental Services, Inc.
302-652-8999 ext. 108

3/29/2005

Line Item D- is for the daily rental rate of the 20yd³ roll-off boxes delivered to the N-Forcer site. Please provide a pro-rated daily rental rate with IFB response. Rental charges will begin the day the box is delivered and end the day the box is picked up (or within 48-hours of pickup request by Earth Tech, whichever comes first).

Line Item E- is for any demurrage that may be incurred during the loading of this waste. Allow 2 free hours load time. Award of this IFB will not be based on this line item, but the unit rate and extended rate will be included in the not-to-exceed value of the awarded subcontract. See C.4.4 Demurrage.

C.3 Schedule

Waste removal will begin the week of 4/11/05 and continue until job completion. Scheduling of pick-up for disposal will be scheduled with two full working days prior written notice. See Section C.4.5, Liquidated Damages, below for penalties associated with missing this schedule.

C.4 Additional Requirements

C.4.1 CERCLA Compliance - This section must be completed.

The facility(ies) accepting the waste must be in compliance with the CERCLA Off-Site Disposal Rule (40 CFR 300.440 as stated in Federal Register Vol. 58, No. 182, dated September 22, 1993) and must have all required permits. All intermediate facility(ies)/Treatment, Storage, and Disposal Facility(ies) (TSDF) at which waste stops en route to the final disposal facility must also be in compliance with the off-site policy. If, at any time during the duration of this contract, the TSDF or ultimate disposal facility receives notice that it is not or may not be in compliance with the CERCLA Off-Site Disposal Rule, the subcontractor shall notify Dawn Blevins at Earth Tech immediately in writing. In any event, Earth Tech shall have the right to unilaterally terminate this contract.

Transporter and Treatment, Storage, and/or Disposal Facility(ies) (TSDF) will take place at the following (use additional pages if necessary):

1. Facility Name: <u>Allied/PFI - Snake Trail Hill</u>	Please list the Method of Treatment/ Disposal and Indicate For Which Line Item: <u>Subhite D landfill-A</u>
Facility Location: <u>Condo, MI</u>	
EPA ID Number: <u>MI R 000 01 9027</u>	
2. Facility Name: <u>Republic - Carleton Farms</u>	Please list the Method of Treatment/ Disposal and Indicate For Which Line Item: <u>Subhite D landfill-A</u>
Facility Location: <u>Carleton/Taylor - MI</u>	
EPA ID Number: <u>MI D 9 856 35085</u>	

3.	Facility Name: _____	Please list the Method of Treatment/ Disposal and Indicate For Which Line Item:
	Facility Location: _____	
	EPA ID Number: _____	

4.	Facility Name: _____	Please list the Method of Treatment/ Disposal and Indicate For Which Line Item:
	Facility Location: _____	
	EPA ID Number: _____	

Transporter Name: <u>Runcu</u>	Transporter Name: <u>Freehold Cartage, Inc.</u>
EPA ID Number: <u>N/A</u>	EPA ID Number: <u>NJ0054126164</u>

Earth Tech will not pay for any Treatment, Storage, and/or Disposal which takes place at a facility not listed by the vendor herein as one of the disposal facilities that will be used. If a different disposal facility must be used, a written Change Order must be executed by Earth Tech and the subcontractor prior to its use in order for the subcontractor to be paid.

 Signature of Subcontractor's Authorized Representative

7/29/05

 Date

C.4.2 Deliverables

The subcontractor must supply Earth Tech with the following documentation.

C.4.2.1 Manifest

The subcontractor must provide unsigned, completed manifests, any applicable Land Ban forms, as well as any other shipping documents, and labels and placards to the Carl Duffey at the site address, at least 5 days prior to the shipment of the waste. The subcontractor must provide a photocopy of all fully executed manifests to Earth Tech prior to invoicing; invoices will not be paid until these are received.

SUBCONTRACT NO. 04S-5494-RC02

**TASK ORDER
EARTH TECH, Inc.**

Task Order No. 07

Subcontractor: Waste Management National Services, Inc.

Project: N-Forcer Site

This Task Order is made for the procurement of services required by Earth Tech in connection with its contract with US EPA Region V.

Earth Tech and Subcontractor entered into a Master Services Subcontractor Agreement for Task Order services dated 11/24/03. Except as otherwise specified herein, the terms and conditions of that Agreement are incorporated in this Task Order by reference.

1. **Scope of Work:** The Subcontractor shall furnish qualified personnel, equipment, materials and supplies necessary to perform the work on a FP-IDIQ basis in accordance with IFB #84343-02.
2. **Period of Performance:** The period of performance shall be from the date of execution of this Task Order by both parties until completion of the Work. The Work shall be completed on or before September 15, 2005, subject to the damages specified in the Master Services Subcontractor Agreement. Earth Tech, Inc. reserves the right to extend the Period of Performance.
3. **Compensation:** The Subcontractor shall be compensated in accordance with the terms of the Master Services Subcontractor Agreement not-to-exceed \$54,850.00 for the Work required by this Task Order.
4. **Communications:** The Subcontractor's technical contact for this Task Order shall be Earth Tech's Dawn Blevins.
5. **Key Personnel:** It is agreed that Subcontractor shall assign the following personnel to manage the Work under this Task Order. These persons are designated "Key Personnel" and shall not be replaced without prior written approval of the Earth Tech Project Manager.

N/A

TO.98F (Rev 1/98)

SUBCONTRACT NO. 04S-5494-RC02

6. **Task Order Modifications:** Modifications or change orders to this Task Order are governed by Article 12 of the Master Services Subcontractor Agreement.
